Financial Assistance Information

Mandalyn Academy is authorized to award Federal Pell Grants, Direct Subsidized and Unsubsidized Loans for students, and PLUS loans for the parent(s) of a Dependent student. Loan information will be submitted to the **National Student Loan Data System (NSLDS)**, and will be accessible by guaranty agencies, lenders, and institutions determined to be authorized users of the data system. Although enrollment in an eligible study abroad program may be considered as enrollment at the home institution for the purpose of applying for Title IV assistance, this institution does not have a study abroad program.

Code of Conduct

Mandalyn Academy is committed to the highest standard of ethics and conduct and requires each employee to comply with legal and regulatory requirements and policies and procedures that apply to his or her particular duties. Mandalyn Academy has adopted a code of conduct that prohibits a conflict of interest with the responsibilities of an agent of the school with respect to Title IV HEA Loans or private education loans. It applies to the officers, employees, and agents of Mandalyn Academy. Our code of conduct includes bans of the following:

- revenue-sharing arrangements with any lender,
- steering borrowers to particular lenders or delaying loan certification, and
- offers of funds for private loans to students in exchange for providing concessions or promises to the lender for a specific number of FSA loans, a specified loan volume, or a preferred lender arrangement.
- staffing assistance from any lender with call center or financial aid office staffing.
- receiving gifts from lender, guaranty agency, or loan servicer.

Mandalyn Academy's code prohibits financial aid office staff (or other employees or agents with responsibilities with respect to education loans) from accepting compensation for

- any type of consulting arrangement or contract to provide services to or on behalf of a lender relating to education loans; and
- service on an advisory board, commission, or group established by lenders or guarantors, except for reimbursement for reasonable expenses.

Misrepresentation

Mandalyn Academy makes a good faith effort to ensure that it does not mislead anyone or to misrepresent the nature of its education programs, its financial charges, or employability of its graduates (in writing, visually, orally or through other means) for a student, prospective student, any member of the public, an accrediting agency, a state agency, or the Department of Education.

Supplies, Kit & Books

In order to academically succeed there are specific books and supplies that are required for each course of enrollment and are included in the Mandalyn Academy supplies and books kit. A student may choose to opt out and to obtain or purchase the required books and supplies on her/his own but must meet school requirements and notify the school at time of enrollment. If a student chooses to purchase their own supplies and books, they are required to have them available at the start of class or for use as instructed. If a student who chooses to purchase their own supplies is a Pell Grant recipient, they must contact the Financial Aid Director prior to starting school in order to make arrangements to have supplies available within 7 days of the beginning of school. Charges for books and supplies are allocated on a pro rata basis.

Financial Assistance Programs

Federal Pell Grant

The Federal Pell Grant is available to students who have demonstrated the highest calculated financial need. The Pell award in 2024/25 ranges between \$0 and \$7,395 per 900 clock hours of study. For a 600-hour program such as Basic Esthetics, the maximum Pell Grant offered is \$4930. The Student Aid Index (SAI) calculated from the Free Application for Federal Student Aid (FAFSA) is one of the factors used to determine the amount offered. Federal Pell Grants do not need to be repaid.

William D. Ford Federal Direct Student Loan Program (Stafford Loans)

The William D. Ford Federal Direct Student Loan Program (Stafford Loans) provides low-interest long-term loans to students for education expenses. The lender of these loans is the federal government and repayment is to a loan servicer assigned by the U.S. Department of Education. The Federal Direct **Subsidized Student Loan** is offered to students with financial need. The Subsidized loan has a fixed interest rate of 6.53% for 2024/25. The Subsidized loan does not accrue interest while the student is enrolled at least half-time. The Federal Direct **Unsubsidized Student Loan** has a current fixed interest rate of 6.53%. A 1.057% origination fee is charged. ****Loan rates and fees are subject to change due to congressional action****. The offer for 900 clock hours for a first-year dependent student is \$5,500 and \$9,500 for an independent student. Second year dependents can receive \$6,500 and independent undergraduates are eligible for \$10,500 per 900 clock hours. Federal Student Loans must be repaid. Repayment begins six months after half-time enrollment ceases.

William D. Ford Federal Direct Parent PLUS Loan Program

The Direct Parent PLUS Loan program (<http://studentaid.gov/app/launchPLUS.action?plusType=parentPlus>) is a loan program available to the parents of a dependent student who is enrolled at least half-time in a degree program. The parent may borrow up to the student's cost of attendance, minus other financial aid. The loan has a fixed interest rate of 9.08% for the 24/25 academic year. A 4.228% fee is charged. **Loan rates and fees are subject to change due to congressional action**. Loan approval is subject to a credit check based on criteria established by the Department of Education. If a parent is denied approval, the loan is offered to the student if student's credit check is not denied. Parent PLUS and Federal Student Loans must be repaid.

Procedures and Forms by Which Students Apply for Assistance

Most forms of assistance require completion of the FAFSA (Free Application for Federal Student Aid). An exception to this would be scholarships for incoming students, which is a function of the Admissions Office (email to: enroll@mandalynacademy.com) at Mandalyn Academy. All students within a given cohort (such as the same start date) would be given the same opportunity to apply for an institutional scholarship. Criteria for selecting recipients of aid include, but are not limited to, need and accurate completion of paperwork. Mandalyn Academy does not discriminate on the basis of age, real or perceived race, ethnicity, color, sex, gender, gender identity, disability, religion, sexual orientation or national origin. The FAFSA determines financial need for the Federal student aid programs, and the Financial Aid Office reviews results. Pell Grants and Direct Stafford and PLUS Loans are processed all year; however, early application assures the availability of funds when classes start.

Application / Forms

The quickest way to apply for federal aid is online through the Web at <https://studentaid.gov>. Both new and renewal applicants can complete the Free Application for Federal Student Aid by accessing this site. New applicants must create a user name and password in order to sign the FAFSA online. If you are a dependent student, one parent (whose information is on the FAFSA) will need a user name and password in order to sign the application electronically also. The school code for Mandalyn Academy is #041619.

Student Aid Report / Additional Information Request

The student will receive a Student Aid Report (SAR) to check for errors, correct if necessary and keep for their records. This SAR will come via email as long as you provided an email address on your aid application. Please note the email notice will come from The U.S. Department of Education. If you have a filter on your email you may want to set it to accept this email address so it does not go into your junk mail.

Mandalyn Academy will electronically receive an "Institutional Student Information Record" (ISIR) and begin processing the Financial Aid request. Approximately 20% of all applicants are selected by the Department of Education for a process called "Verification." This process requires the collection of additional information. If you are selected for this process, you will be notified. Documentation must be received and verified before any aid is awarded. All documentation must be received within 14 days of a student's start date and no later than the end of the loan period. A student is allowed to contact the Financial Aid Director and request an extension if the student is unable to provide the verification documents within the allotted time frame (14 days). If a student fails to provide verification documentation within the guidelines set forth, student financial aid will not be awarded or disbursed and the student is notified that other payment options must be utilized. Once all additional information is collected and forms have been completed, Mandalyn Academy will submit your financial aid application.

The Department of Education accounts for student's unique situations by authorizing Financial Aid Administrators to exercise Professional Judgment to adjust data elements used to determine a student's Student Aid Index (SAI), components of a program's Cost of Attendance (COA), and/or Dependency status. If you have a unique situation which would affect any of these elements, you may submit a request in person or by email to our Financial Aid Office (finance@mandalynacademy.com) to review your individual circumstance.

Financial Aid Offer

Once the student's Financial Aid information has been submitted and accepted, Mandalyn Academy will receive a "Financial Aid Offer" that specifies how much aid a student is eligible to receive upon full qualification. This process can take approximately 2-3 weeks. The student will receive a copy of it along with additional forms and information. If updates to the FAFSA are made that result in a change to the SAI (Student Aid Index) which in turn results in a change to the offer, the student will receive a written notification within 14 days.

Loan Entrance Counseling / Master Promissory Note

Loan Entrance Counseling and the completion and signing of a Master Promissory Note (MPN) are required of all students who have been awarded a Direct Loan. This process is to be completed within 7 days after receiving your Financial Aid Offer. This is done by logging in online at <https://studentaid.gov/h/complete-aid-process>. Your FSA user name and password will be required. On the top menu bar, click on "Loans and Grants." You can now access "Loan Entrance Counseling" and the "Master Promissory Note (MPN)." Once the student has completed Loan Entrance Counseling and completed the Master Promissory Note (MPN), Mandalyn Academy will receive a completion report. You may go to: <https://studentaid.gov/sites/default/files/loan-entrance-counseling.pdf> for a copy of the Department of Education's booklet titled "Direct Loan Entrance Counseling Guide". The Master Promissory Note includes the Terms and Conditions of the Student Loan(s) and the Borrower's Rights and Responsibilities. While the Master Promissory Note must be completed online, you may preview the MPN at https://studentaid.gov/sites/default/files/Sub_Unsub_MPN_508-en-us.pdf.

Criteria for determining the amount of a Student's Financial Aid Offer

Your eligibility depends on your Student Aid Index, your year in school, your enrollment status, amount of financial aid previously used, and the cost of attendance at the school you will be attending. Mandalyn Academy's financial aid office uses a 3rd party servicer who will determine the amount of financial aid you are eligible to receive. For more information go to <https://studentaid.gov/complete-aid-process/how-calculated>

- The financial aid staff starts by deciding upon your **cost of attendance (COA)** at that school.
- They then use your **Student Aid Index (SAI)** in determining the amount of your **financial need** and therefore how much **need-based aid** you can get.
- To determine how much **non-need-based aid** you can get, the school takes your cost of attendance and subtracts any financial aid you've already been awarded.

Criteria for Continued Student Eligibility

Mandalyn Academy's Satisfactory Academic Progress policy outlines the standards that a student must maintain in order to be considered making satisfactory progress in his or her course for the purpose of receiving financial assistance. The policy also outlines the criteria by which the student who has failed to maintain satisfactory progress may re-establish his or her eligibility for financial assistance. Please refer to Mandalyn Academy's Satisfactory Academic Progress policy found in the Student Catalog. Paper copies are available in the administration office.

The Method of Financial Assistance Disbursements

For students who are required to attend a minimum of 900 hours in a program, the Financial Aid will be disbursed as follows (once all paperwork has been processed):

- Pell Grant: The school can request one half of the awarded Pell Grant once a student has started school. The money will be sent electronically to the school. This aid is used towards the cost of tuition and fees. The other half of the awarded Pell Grant can be requested from the Department of Education by the school once the student has attended 450 hours (or half of the enrollment period if less than 900 hours), but only if the student is making Satisfactory Academic Progress and has attended the minimum number of weeks of instruction (for a student attending 34 hours, this number would be 13½ weeks). The student will be notified when the money has been received by the school. In some cases, a "Cost of Living" allowance remains. This credit balance will be disbursed to the student in the form of a check within 14 days of posting the funds to the student's account. Pell Grants do not need to be repaid.
- Direct Loans: A student may request a disbursement of up to one half of the total awarded Direct Loans for the first period of enrollment. These funds can be requested from the Department of Education by the school after a period of 30 days if the student has been in attendance and if the student has completed Entrance Counseling and signed their MPN. This money will be sent electronically to the school after 1-2 weeks of processing time. This money is first used to pay for the cost of tuition and fees for the first 450 hours of attendance (or for half of the Loan Period for Loan periods shorter than 900 hours). In some cases, a "Cost of Living" allowance remains which will be disbursed in the form of a check written to the student. This credit balance will be disbursed to the student within 14 days of posting the funds to the student's account. The second disbursement of the awarded loan(s) can be requested once the student has attended 450 hours and meets the stipulations as described under "Pell Grant." In some cases, a "Cost of Living" allowance again remains. This credit balance will be disbursed to the student within 14 days of posting the funds to the student's account.

Sample Loan Repayment schedule

Please refer to pages 6-13 of the Master Promissory Note for the “William D. Ford Federal Direct Loan Program Direct Subsidized Loan and Direct Unsubsidized Loan Borrower’s Rights and Responsibilities Statement,” which includes loan terms, repayment schedule, and repayment information (https://studentaid.gov/sites/default/files/Sub_Unsub_MPN_508-en-us.pdf).

Consequences of Default/Obligation of the Borrower

The borrower holds a serious obligation to repay the full amount of the loan regardless of whether the borrower completes the program or completes within regular time for completion, is unable to obtain employment upon completion, or is otherwise dissatisfied with or does not receive the educational or other services the borrower purchased from the school. The likely consequences of default are an adverse credit report, delinquent debt collection procedures under Federal law, and litigation.

Exit Counseling

As required by 34 CFR 685.304, all borrowers under the William D. Ford Federal Direct Student Loan Program must complete Exit Counseling for Undergraduate students before they can receive their verification of hours and licensure information from Mandalyn Academy. For the completion of this requirement, we utilize the Department of Education’s website <https://studentaid.gov/exit-counseling/>. Exit Counseling will require students to update their contact information and references. For students who do not graduate, they are given the link to the website of the Department of Education’s “Complete Student Loan Exit Counseling.” The student has the option to complete the PDF version which can be found at <https://studentaid.gov/sites/default/files/exit-counseling.pdf>.

Treatment of Title IV Aid When a Student Withdraws or is Withdrawn

A student has the right to voluntarily withdraw (official withdrawal) from the academy and a student can be involuntarily withdrawn (unofficial withdrawal or termination) from the academy. The Student Services Director determines the last date of attendance of a withdrawal student by the use of the student time clock and software system.

The law (requirements of 34 CFR 668.22) specifies how our school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Iraq Afghanistan Service Grants, Academic Competitiveness Grants, National SMART grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs), and Federal Perkins Loans. More information can be found at: https://fsapartners.ed.gov/sites/default/files/2023-2024/2023-2024_Federal_Student_Aid_Handbook_knowledge-center_fsa-handbook_2023-2024_vol5_ch1-general-requirements-withdrawals-and-return-title-iv-funds.pdf.

When you withdraw during your payment period, the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the school and/or you must return the excess funds.

Upon a student’s withdrawal or when a student ceased attending at least half time, the Student Services Director verifies the last day the student attended and the number of hours the student was scheduled to complete in the program using the current student clock-in software which generates a report showing days scheduled to complete during the payment period. Payment periods are typically 1-300 and 301-600 for Basic Esthetics and 1-450, 451-900, and 901-1200 for Master Esthetics. A transfer student’s payment periods may vary. The Financial Aid office is notified and fills out a “*Treatment of Title IV Funds When A Student Withdraws From A Clock-Hour Program*” form.

If you would like an explanation of procedures or wish to calculate the treatment of Title IV funds yourself, you may complete the attached form titled ***Treatment Of Title IV Funds When A Student Withdraws From A Clock-Hour Program***. The following steps will help you understand the procedure and complete the form:

Step 1: Student’s Title IV Aid Information. The amounts of aid that have been disbursed and that could have been disbursed for the payment period are totaled.

Step 2: Percentage of Title IV Aid Earned. The hours scheduled to complete in the payment period are divided by the total number of clock hours in the student’s current payment period. If the percentage is greater than 60%, then the student has earned all funds received and no funds will need to be returned to the Department of Education.

Step 3: Amount of Title IV Aid Earned by the Student. The percentage is multiplied by the amount of aid that was disbursed and could have been disbursed for the payment period.

Step 4: Total Title IV Aid to be Disbursed or Returned. It is determined if all funds are to be retained by the school, if some or all of the funds need to be returned to the Department of Education, or if some of the funds need to be disbursed to the student. If the resulting amount in Step 3 is equal to the total Title IV aid disbursed for the period, then no action is necessary and the school

Mandalyn Academy Student Consumer Information Guide – October 2024

may retain the funds. If the amount in Step 3 is less than the total Title IV aid disbursed for the period, the difference of the amounts is calculated. The resulting figure is the amount of Title IV aid that must be returned. If the amount from Step 3 is greater than the amount of aid disbursed for the period, then the Post-Withdrawal disbursement tracking sheet must be filled out in order to determine a disbursement amount. If the Institution must return funds, continue to step 5.

Step 5: Amount Unearned Title IV Aid Due from the School. The Institutional charges for the payment period are added together. Subtract the percentage from Step 2 from 100%. Multiply the resulting percentage by the amount of Institutional charges for the payment period. Compare the resulting figure to the amount from Step 4. The lesser amount is the amount that the school must return to the Department of Education.

Step 6: Return of Funds by the School. It is determined which Title IV program(s) receive the unearned aid. The school returns the unearned aid for which it is responsible by repaying the funds to the following sources, in order up to the total net amount disbursed from each source: Unsubsidized Direct Stafford Loan, Subsidized Direct Stafford Loan, Direct PLUS (Parent), then Pell Grant. In order to return the funds to the Department of Education, the CEO transfers the funds, within 45 days of the withdrawal date or the date of determination in the case of a student who fails to return from a Leave of Absence, to the G5 account. A Refund Form is completed which details the student's name, Social Security number, year of funding, amount and type of aid being returned, the revised Loan Payment Period End date, as applicable, along with the reason for the return. The form is uploaded to the 3rd party servicer's portal. A copy of the resulting Excess Cash Report is kept in the student's file.

Steps 7 and 8: Initial Amount of Unearned Title IV Aid Due from the Student and Repayment of the Student's Loans. These steps determine if the student needs to pay an initial Loan payment. If the amount of Title IV aid to be returned is less than or equal to the amount of aid for the school to return, then the student is not responsible for an immediate repayment of aid. If the amount of Title IV aid to be returned is greater than the amount of aid the school must return, then the total amount of loan funds the school must return is subtracted from the net amount of the loans disbursed for the period. If this amount is greater than or equal to the amount of Title IV to be returned, then the calculation is complete. If the amount of the unearned Title IV aid due is greater than the net amount of loans disbursed, a calculation is done to determine if Grant funds need to be returned. If all loan funds are returned for the payment period, then the student's loan period end date will be the same as the prior payment period end date.

Step 9: Grant Funds to be Returned. Subtract the amount from Step 8 from the amount from Step 7. The resulting amount is the initial amount of Title IV grant funds for the student to return. Multiply the amount of grant aid that was disbursed and could have been disbursed for the payment period by 50%. Subtract the resulting amount from the initial amount of grant funds for the student to return. If the result is less than or equal to zero, then no Grant funds are due from the student. If the result is greater than zero, then proceed to the next step.

Step 10: Return of Grant Funds by the Student. The amount of grant funds for the student to return is calculated from the total amount from Step 9. Note that the student is not responsible to return funds if the amount is \$50.00 or less. A student will be notified within two weeks of determination of their withdrawal if they must repay funds to the Department of Education. If a student does not repay the required funds, they will lose financial aid eligibility until the overpayment is paid in full or payment arrangements have been made with the Department of Education.

Post-Withdrawal Disbursement Tracking Sheet. If a student is due a Post-Withdrawal disbursement, the financial aid office will fill out the Post-Withdrawal Disbursement Tracking Sheet. For the first step, enter the post-withdrawal disbursement amount from Step 4. Subtract any outstanding charges (prior year cannot exceed \$200) from the post-withdrawal amount. The resulting amount is the amount that must be disbursed to the student if grant funds or offered to the student as a disbursement if it is loan funds. Step IV of the tracking sheet is used to allocate the funds and Steps V and VI are for tracking the authorizations, notifications, and disbursement dates. If a student is due a Post-Withdrawal disbursement from Direct Loan funding, the Institution will send out a written request to the student within two weeks of determination that a student has withdrawn from school requesting written authorization from the student, or parent in the case of a Parent PLUS Loan, in order to process the loan disbursement. The post date is noted and a deadline is given of 14 days from the date of notification. The school notes the date of the response received. The school will accept late responses, but retains the option to refuse disbursement. A Post-Withdrawal Grant disbursement will be disbursed by check within 45 days of the date of determination of withdrawal. A Post-Withdrawal Direct Loan disbursement will be disbursed by check within 45 days of the date of the receipt of the written authorization.

Refund Calculation form. Once the above form(s) have been completed, the Finance Office then completes a Mandalyn Academy Refund Calculation form. The student's total scheduled hours and total charges are used to determine the total amount the student owes upon withdrawal. If there are funds to be returned to the Department of Education, the amounts are detailed on this form. If the R2T4 calculation and the calculation of the institution's refund policy result in a credit balance on the student's account, the credit balance will be first allocated to repay any grant overpayment owed as a result of the current withdrawal. Within 14 days of the R2T4 calculation, the remaining credit balance will be paid in one or more of the following ways: Payment of authorized charges at the institution; with student's written authorization, to reduce student's Title IV loan debt; to the student (or parent for Direct PLUS Loan); or if student cannot be located, then the credit balance will be returned to the Title IV programs. If the credit balance is to be paid to the student (or parent for Direct PLUS Loan), then the institution will issue a check and mail it to the student (or parent for Direct PLUS Loan) within 14 days of the R2T4 calculation. A copy of this form, a copy of the school's policy of "Treatment of Title IV Funds When A Student Withdraws," and a copy of the request for the completion of the

Department of Education's Direct Loan Exit Counseling along with the link are sent to the student within two weeks of determination that the student has withdrawn from school.

The following is an example of a Return to Title IV calculation:

Scenario: Ben Masterson has been attending Mandalyn Academy for four months when he decides he would rather be a pilot. He notifies the school that he will not be returning the following week. Ben has received \$2888 in Pell Grant funding, \$1732 in Subsidized Loans, and \$2968 in Unsubsidized Loans during the current payment period of 451-900 hours. He is not due to receive any additional funding during this payment period (Step 1). The cost of attendance for this period is \$3937.50.

Calculation: The Student Services Director verifies the hours that Ben has been scheduled to attend by looking up the hours in the current clock-in software. While Ben has been scheduled to attend 680 hours total, he has only been scheduled to attend 230 hours during the current payment period. The hours scheduled to complete in the payment period (230 hours) divided by the total hours in the period (450) equals the percentage of Title IV aid earned (51.1%) (Step 2). This percentage is multiplied by the amount of aid disbursed and that could have been disbursed (\$7588), which equals \$3877.47 (Step 3). Because Ben has not earned all of the money disbursed to the Institution, the school must determine the amount of aid that must be returned (Step 4). This is done by subtracting the amount earned by the student (\$3877.47) from the amount disbursed to the Institution (\$7588) which equals \$3710.53. To determine the amount that the school must return (Step 5), subtract the percentage earned (51.1%) from 100%, which equals 48.9%. Multiply this percentage by the amount of institutional charges for the period (\$3937.50) which equals \$1925.44. Compare this amount to the amount from Step 4 (\$3710.53). The school must return the lesser amount, which is \$1925.44. In Step 6, it is determined that all funds to be returned by the school are Unsubsidized Loans because \$1925 (rounded) is less than the total amount of Unsubsidized Loan funds disbursed to the student for the current payment period.

It now must be determined if the student must submit an unearned aid payment to the Department of Education (Step 7). Using the amount from Step 4 (\$3710.53), subtract the amount that the school must return from Step 6 (\$1925.44) which equals \$1785.09. Since this amount is greater than zero, continue to Step 8. Subtract the amount of loans the school must return (\$1925.44) from the amount of Loans disbursed (\$4700) which equals \$2774.56. Since the resulting amount is more than the amount in Step 7, the student is not responsible for an immediate aid payment to the Department of Education. However, the School will need to return \$1925 in Unsubsidized Loan funds to the Department of Education.

National Student Loan Data System and Student Loan Repayment Estimator

For those students who have Federal Student Loans, the Department of Education has set up a website that allows the students to view current information on their student loan(s). The website is <https://studentaid.gov/manage-loans/repayment>. We also encourage students to use the Department of Education's Repayment Estimator to estimate their federal student loan monthly payments and to determine repayment plan eligibility. The website for the Repayment Estimator is <https://studentaid.gov/loan-simulator/>.

Other Financial Resources

Scholarships, Grants, and Matches

Students may have other scholarships that they have earned during high school or that are offered through personal or parent/guardian employer(s). It is the student's responsibility to work with the Financial Aid Director to obtain all necessary documentation needed in order for the school to obtain the scholarship payments. Before enrolling, check the stipulations of the scholarship to verify that it can be used at Mandalyn Academy. Scholarships, Grants, and Matches do not need to be repaid.

School District Student Career and Technical Education

High School students are not eligible for federal financial aid. High school students may enroll and qualify for a school district partial-tuition voucher that may be matched by Mandalyn Academy. The Alpine School District tuition voucher for high school students has its own criteria for eligibility. See your high school counselor for more information. Mandalyn Academy may offer High School student scholarships to those who qualify.

U.S. Department of Veterans Affairs Education Benefits

Veteran Affairs administers a variety of education benefit programs and services. Each education benefit program and service have their own eligibility requirements. For more information go to: <https://benefits.va.gov/benefits/>. Beneficiaries may begin and attend class up to 90 days from the date he/she provides a certificate of eligibility, or valid VAF 28-1905. The student can attend the class until the VA provides payment to Mandalyn Academy without any imposed penalty or additional funds to cover tuition or fees due to late payment from VA. Students who have returned from Active Duty may return to school without additional fees. They will have the same clock hours and progress made as of their last date of attendance. These benefits do not need to be repaid.

Vocational Rehabilitation Services

The mission of the Utah State Office of Rehabilitation is to assist eligible individuals in obtaining employment and increasing their independence. For more information go to <https://jobs.utah.gov/usor/vr/apply.html>. Once a copy of the signed

contract with Vocational Rehabilitation has been received by Mandalyn Academy, the student may begin attendance. The student can attend the class until Vocation Rehabilitation Services provides payment to Mandalyn Academy without any imposed penalty or additional funds to cover tuition or fees due to late payment from Vocational Rehabilitation services. These benefits do not need to be repaid.

In-house Payment Plan

Our In-house payment plan offers monthly payment options with a down payment of \$3,000.00 due one month before school begins, with monthly payments as low as \$500/month. Payments are made each month and the total balance is due before completing the program's required hours. We do not charge interest on the pending balance due, and we do not charge processing fees. We also accept My529 payments via check payments. Please see the admissions department for more information and details.

Private Education Loans

A private education loan is a non-FSA loan that is made to a borrower expressly for postsecondary education expenses, regardless of whether the loan is provided through Mandalyn Academy or directly to the borrower from a private educational lender such as a bank, credit union or other financial institution. Mandalyn Academy does not participate in any preferred lender arrangements. Loans must be repaid.

A student may qualify for Title IV, HEA loans and other financial aid, and the terms and conditions may be more favorable than the provisions of private education loans. The Finance Office can provide additional information about the availability of federal, state, and institutional student financial aid. If a student does not qualify for Title IV HEA programs, there are other financial loans and resources available that they may qualify for in order to receive funding for school.

For information about the **Truth in Lending Act** (15 U.S.C. 1638(e)) go to: <http://www.fdic.gov/regulations/compliance/manual/5/v-1.1.pdf>. Mandalyn Academy does not promote any specific private loan institution.

Self-certification form for private education loans: Upon the request of the lender or the student, Mandalyn Academy will complete or confirm (whichever is applicable and to the extent that we have the information) a copy of the self-certification form.

Alcohol and Other Drugs Policy (AOD)

Mandalyn Academy is a drug-free campus. Mandalyn Academy has developed an Alcohol & Other Drug policy not only in response to the federal drug-free legislation, but also to encourage and sustain an academic environment that promotes the health, safety, and welfare of all members of its community.

Alcoholic beverages, unlawful drugs, and other illegal substances shall not be consumed, used, carried, sold, or unlawfully manufactured on campus, or at any activity sponsored by the school.

Mandalyn Academy believes in providing a safe and productive environment for all of its students and employees. Substance abuse, while at work, school or otherwise, seriously endangers the safety of students and employees, as well as the general public, and creates a variety of problems including increased theft, decreased morale, decreased productivity, and a decline in the quality of services provided.

Mandalyn Academy is an institution committed to referring professional help for individuals who may have a drug and /or alcohol problem on campus. If you are aware of a Mandalyn Academy student or staff member who have substance abuse problems you can contact your instructor, our Director, our Financial Aid Officer, or the owner for assistance and referrals. Mandalyn Academy is not qualified to offer professional counseling. Confidentiality will be maintained. It is hoped that you will feel an obligation to help those in need and to help maintain a Drug-Free Campus.

Drug and Alcohol Abuse Prevention Program

This program is in place for the purpose of preventing the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees both on the school premises and as part of any of its activities. Strategies to Prevent Drug and Alcohol Use on Campus are as follows:

- Keep all on campus and school related activities alcohol and drug free
- Provide education on a wellness lifestyle
- Provide healthy living classes and activities on at least a quarterly basis
- Review the Alcohol and Other Drugs policy with students and staff on at least an annual basis
- Test for Alcohol or Drugs when have "Reasonable Suspicion"
- Ban marketing and promotion of alcoholic beverages or drugs
- Review and revise at least biennially the campus Alcohol and Other Drugs policy and the Drug and Alcohol Abuse Prevention Program

Standards of Conduct on Campus or as Part of Activities

It is a violation for any student or employee to:

- Possess, trade, manufacture, distribute, dispense, buy or offer for sale alcohol, illegal and/or prescription drugs while on duty, during break periods, or on school property (owner may possess prescription drugs);
- Arrive or return to school intoxicated from use of illegal drugs, misused prescription drugs or alcohol;
- Engage in the use of illegal drugs, misuse of prescription drugs or alcohol during school hours or while on school property (including parking lots);
- Use prescription drugs or non-prescription drugs that may affect the safety of the student or fellow students or employees, and members of the public;
- Have tampered or attempted to alter or attempt to interfere with the testing procedure; or
- Otherwise has refused to be tested.

Any student or employee who is reasonably suspected to be under the influence of drugs and/or alcohol can be immediately sent home. Reasonable suspicion may be based upon a school official hearing, seeing or smelling something first-hand, witnessing behavior that appears to be drug or alcohol induced, or a tip from a reliable source. Reasonable suspicion may be based upon, among other things, the Reasonable Suspicion Testing list below. For the purpose of this Policy, a student or employee is presumed to be under the influence of drugs and/or alcohol if a urine test, blood test or other scientifically acceptable testing procedure shows a forensically acceptable positive quantum of proof of drugs and/or alcohol usage.

Students and employees are individually responsible for being aware of applicable laws, regulations, ordinances, and the school's policy for complying with them. Mandalyn Academy will assist in that endeavor by providing current information on an ongoing basis.

Disciplinary Sanctions for Alcohol or Drug Policy Violations

The school will impose sanctions on students and employees for violations of the standards of conduct consistent with local, state, and federal law.

1. A first violation of the Alcohol and Drug Policy will require the student or employee to follow-up with one or all of the following: the Education Director, the financial director, the Campus Director, and owner. This may include a phone call, meeting, or disciplinary hearing, depending on the severity of the incident; as well as a set of possible recommendations for substance abuse education and/or assessment and counseling.
2. A second violation of the Alcohol and Drug Policy may result in a disciplinary hearing, and may result in a mandatory substance abuse assessment and completion of a substance abuse education program. Depending on the severity of the incident, family members may be notified.
3. Depending on the severity of the incident, Mandalyn Academy may terminate a student or employee for violations of the Drug and Alcohol Policy. Re-enrollment may be considered after 60 days. To be considered for re-enrollment, the student must provide proof of having satisfactorily attended treatment that is provided by a Substance Abuse Professional (SAP) and/or prescribed by an SAP and completed a drug and/or alcohol test, with a negative test result. If the student is re-admitted, they must complete the prescribed follow-up testing by the SAP or by law, as applicable, to continue attending Mandalyn Academy. Treatment and follow-up testing will be at the expense of the student.
4. Sanctions may otherwise include (but are not limited to) disciplinary probation, fines, parental notification (mandatory for students under 21 at the time of the notification), disciplinary suspension, expulsion, and referral for legal prosecution.
5. May result in loss of Federal Benefits (see below: Legal Sanctions - Federal Drug Laws)

Drug & Alcohol Testing

Reasonable Suspicion Testing

Reasonable suspicion testing will occur when an instructor or a member of administration has reason to suspect that a student or employee may be in violation of this Policy. The suspicion must be documented in writing within 24 hours of the event or prior to the release of the test findings. Reasonable suspicion testing may be based upon, among other things:

- Observed behavior, such as direct observation of drug/alcohol use or possession and/or the physical symptoms of drug and/or alcohol use;
- A pattern of abnormal conduct or erratic behavior;
- Arrest or conviction for a drug-related offense, or the identification of a student or employee as the focus of a criminal investigation into illegal drug possession, use, or trafficking. The student or employee is responsible to notify Mandalyn Academy within five (5) business days, of any drug-related conviction;
- Information provided either by reliable and credible sources or independently corroborated regarding a student's or employee's substance use; or
- Newly discovered evidence that the student or employee has tampered with a previous drug or alcohol test.

Reasonable suspicion testing does not require certainty, but mere "hunches" are not sufficient to justify testing. Testing may be for drugs or alcohol or both.

Reasonable Search

To ensure that illegal drugs and alcohol do not enter or affect the school, Mandalyn Academy reserves the right to search all vehicles, containers, lockers, or other items on school property in furtherance of this Policy. Individuals may be requested to display personal property for visual inspection upon the school's request. Searches will be conducted only where Mandalyn Academy has reason to believe that the student has violated the Policy. Failure to consent to a search or display of personal property for visual inspection will be grounds for discipline, up to and including termination from employment or the program, or denial of access to school premises. Searches of a student or employee's personal property will take place only in the student or employee's presence. All searches under this Policy will occur with the utmost discretion and consideration for the student or employee involved. Individuals may be required to empty their pockets, but under no circumstances will a student or employee be required to remove articles of clothing to be physically searched.

Specimen Collection, Testing, and Results

Testing may be conducted by a member of the administrative team or by a trained professional. A student or employee who tests positive will be given an opportunity to explain the findings of the test results. If it is proven the substances are medically necessary, the test result will be negative. A failure on the part of the student or employee to provide such evidence will result in the issuance of a positive report.

Student Assistance

Mandalyn Academy holds all students accountable in terms of substance use but also supports them in getting help. A student who comes forward voluntarily to identify that she/he has a substance problem and is seeking professional help, will not be reprimanded. If the student is willing to actively engage in resolving the substance use problem, the Institute will refer the student to a Substance Abuse Professional for an assessment and possible outpatient counseling at the student's expense. The student may take a Leave of Absence if necessary. This leave of absence will be conditioned upon receipt of reports from the treatment providers that the student is cooperating and making reasonable progress in the treatment program. The student will be permitted to return to school only if she/he passes a drug /alcohol test and has satisfactory medical evidence that (s) he is fit for attendance. This protection does not cover a student who confesses a problem after an incident or accident that requires a substance use test, or after being notified that a reasonable suspicion test is required.

Employee Assistance

Mandalyn Academy holds all employees accountable in terms of substance use and will also support them in getting help. For an employee who comes forward voluntarily to identify that they have a substance problem and wants to seek professional help, administration will refer the employee to a Substance Abuse Professional for an assessment and possible outpatient counseling at the employee's expense. The employee's job will not be held during their recovery process but based upon reports from the treatment providers and the employee's progress in the treatment program they may be considered for re-employment with Mandalyn Academy in the future.

Confidentiality

All information, interviews, reports, statement memoranda and drug test results, written or otherwise, received by Mandalyn Academy as part of this drug testing program are confidential. Unless authorized by state laws, rules or regulations, the Institute will not release such information without a written consent form signed voluntarily by the person tested. Information on drug testing results will not be released unless a court or a professional or occupational licensing board compels such information or records. Parental notification may be necessary for students under the age of 21.

School Flexibility:

The school reserves the right to alter or modify this policy in a given situation depending on the totality of the circumstances. Time periods stated herein for the performance of any act or provision of any notice by the school are for guidance only and failure of Mandalyn Academy to strictly meet any time frame provided herein shall not preclude the school from taking any action provided herein. Under no circumstance shall failure to perform any act within the time frames herein excuse or relieve any student or employee from his or her obligations, act to nullify any positive test, or relieve any student or employee from the consequences of breaking this Drug and Alcohol Policy.

Health Risk

Some of the following information on health risks is from *What Works: Schools Without Drugs*, U.S. Department of Education (1992):

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of central nervous system, much lower doses of alcohol will procure the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life-threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental disabilities. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.

The following chart lists the possible effects and health risks associated with the use of illicit drugs and controlled substances. The following is not a complete list of health risks. Any drug use increases the risk of impaired learning, accidents, violence, acquaintance rape, unwanted pregnancy and sexually transmitted diseases.

CAMPUS SAFETY AND SECURITY REPORT

As a post-secondary institution, campus crime statistics and security information is disclosed as set forth by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

Preparing the Annual Disclosure of Crime Statistics

The campus crime report consists of arrest and referral statistics reported to the American Fork Police Department and designated school officials. These statistics may consist of crimes and alleged crimes that have occurred in campus facilities, in the common area sidewalk and parking lot, or public sidewalks and streets directly surrounding the academy.

Distribution of Annual Security Report

Mandalyn Academy distributes their annual security report to all currently enrolled students and to all employees by October 1st of each year via email and/or hardcopy. A copy of the report is also available to any prospective student or prospective employee upon request. The annual security report is found in Mandalyn Academy's Student Consumer Information Guide which is available in hardcopy (a copy can be requested from our administration office) or on the Mandalyn Academy website at the bottom of each program web page (<https://mandalynacademy.com/storage/2023/05/Student-Consumer-Information-Guide-October-2024.pdf>).

Mandalyn Academy does not have any paid security personal or written memorandum of understanding or agreements with any law enforcement agencies for the investigation of alleged criminal offenses. Mandalyn Academy does not have any sworn or commissioned law enforcement personnel.

Crimes should be reported to campus security authorities to ensure inclusion in the annual crime statistics and to aid in providing timely warning notices to the community, when appropriate. Criminal activity involving a 'clocked in' student at off-campus locations (locations not owned or controlled by Mandalyn Academy) or activities should be reported to the local police department and to a campus security authority but are not included in crime statistics.

Access and Security

During business hours, Mandalyn Academy is open to students, parents, employees, and the public. During non-business hours, access to Mandalyn Academy is by key and security code password if issued to an individual. In the periods of extended closing such as holidays, the academy will allow individuals access to the building with approval from the administration.

On an ongoing basis, the owner, administration, staff, and maintenance workers survey the security issues such as doors, locks, alarms, or lighting, and then communicate to make necessary changes when needed. If there appears to be a campus security concern, a threat of criminal actions, or other emergency, it is to be immediately reported to the American Fork Police Department and/or to the campus security authority.

Security Awareness Programs

When employees are hired, and when students begin a program at Mandalyn Academy, during orientation they are presented with the Emergency Response and Evacuation Procedures found in the Student Handbook and with information on ways to maintain personal safety inside and outside the school facility. Students and staff are reminded they are responsible for their own safety and possessions at all times and are encouraged to be aware of their surroundings when entering and exiting the school for their own protection and the protection of others.

Crime Prevention

Mandalyn Academy would much rather prevent crimes from occurring than react to them after the fact. The first day of class, during orientation, students are presented with information found in the Student Handbook on ways to maintain personal safety inside and outside the school facility. Employees also are presented with information found in the Student Handbook on ways to maintain person safety inside and outside of the school facility. Students and staff are encouraged and reminded that they are responsible for their own safety and possessions at all times. The following are recommended websites regarding education on crime prevention:

- <http://www.dare.org/utah/>
- <http://www.ncpc.org/programs>

Collecting Statistics

Even though Mandalyn Academy does not have a campus police or an official security department, when a crime or an alleged criminal incident is reported in good faith and brought to the attention of a campus security authority by a victim, witness, other third party or even the offender, it is documented on a Mandalyn Academy Crime Report Log Form. Its purpose is to record all criminal incidents and alleged criminal incidents that are reported. The Crime Report Log is accessible on-site and available for viewing. In collecting statistics Mandalyn Academy makes and documents a reasonable, good-faith effort to obtain Clery Act crime statistics from the local American Fork Police Department, which are appropriately attributed and used in the crime report.

Missing Student Notification Procedures

Mandalyn Academy does not have any on-campus student housing and therefore is not required to have procedures for missing student notifications

Fire Safety

Mandalyn Academy does not have any on-campus student housing and therefore does not have procedures, logs, statistics or reports for Fire Safety.

Timely Warnings

A timely warning is a prompt alert to potentially dangerous situation that enables members of our campus community the time and information necessary to take appropriate precautions. In the event that a situation arises, either on or off campus, a school wide "timely warning" will be issued. The warning will be issued by administration throughout the campus community using the most appropriate means of communication for the situation. The warning may be delivered through word of mouth, emails, text message and/or postings. Anyone with information justifying a timely warning should report the circumstances to Mandalyn Academy security authorities or the American Fork Police Department.

NOTICE OF NON-DISCRIMINATION & SEXUAL HARASSMENT POLICIES & GRIEVANCE PROCEDURES

I. Policy

It is the policy of Mandalyn Academy (the "School") to maintain an environment for students, faculty, administrators, staff, and visitors that is free of all forms of discrimination and harassment, including sexual harassment. The School has enacted the Sexual Harassment Policies & Grievance Procedures (the "Policy") to reflect and maintain its institutional values, to provide for fair and equitable procedures for determining when this Policy has been violated, and to provide recourse for individuals and the community in response to violations of this Policy.

Mandalyn Academy's complete document concerning Sexual Harassment Policies and Grievance Procedures, also known as the Title IX Policy and Procedures, can be found at the School's website at www.mandalynacademy.com at the bottom of each program page or obtained in person from the Title IX Coordinator (see below).

The School does not discriminate on the basis of sex in its educational, extracurricular, or other programs or in the context of employment. Sex discrimination is prohibited by Title IX of the Education Amendments of 1972, a federal law that provides: *No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving Federal financial assistance.*

This Policy prohibits all forms of sex discrimination, harassment, and misconduct, including sexual assault, domestic violence, dating violence, and stalking. The requirement not to discriminate in the School's education programs or activities extends to admission. This Policy also prohibits retaliation against a person who has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this Policy. Inquiries about the application of Title IX may be referred to the School's Title IX coordinator, the U.S. Department of Education Office for Civil Rights, or both.

The School also prohibits other forms of discrimination and harassment, including discrimination and harassment on the basis of real or perceived race, ethnicity, color, national origin, gender, gender identity, sexual orientation, religion, disability, or age in its programs and activities. The following person has been designated to handle inquiries regarding the non-discrimination policies, including Title IX:

Denise Barnes, Student Services Director

Phone: (801) 616-2804
Email: education@mandalynacademy.com

Inquiries or complaints concerning the School's compliance with Title IX or other federal civil rights laws may be referred to the U.S. Department of Education's Office for Civil Rights.

Mandalyn Academy desires to create and sustain an anti-discriminatory environment and will not tolerate discrimination of any kind. The School will achieve this through education, orientation, and training for all students, staff, and faculty for the purpose of creating awareness of both the issues surrounding discrimination as well as accountability, sensitivity training, and anti-discrimination training in their classrooms, at least once while the student is in School.

II. Sexual Harassment Grievance Procedure

Reports of sexual harassment should be made to the School's Title IX Coordinator or a designated school official. For purposes of this Policy, the School's designated school officials are the Owner and Campus Director. The School will respond promptly when a report has been made of sexual harassment in its education programs or activities. The Title IX Coordinator will promptly contact the complainant to discuss the availability of supportive measures and will provide written notification of their rights and options for academic, living, transportation, and working situations or protective measures. The Institution will consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint.

The School will investigate all formal complaints of sexual harassment. A formal complaint must be in writing, filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent, and request that the School investigate the allegation of sexual harassment. A formal complaint form may be obtained from the Title IX Coordinator, although no particular form is required to submit a formal complaint so long as the complaint is in writing, signed by a complainant, alleges sexual harassment against a respondent, and requests an investigation. The School's Title IX Coordinator oversees the School's investigation, response to, and resolution of all reports of prohibited sexual harassment, and of related retaliation, involving students, faculty, and staff. Refer to Mandalyn Academy's Sexual Harassment Policy and Grievance Procedures (Title IX Policy) found at <http://mandalynacademy.com> at the bottom of each program page.

If all parties voluntarily agree to participate in an informal resolution that does not involve a full investigation and adjudication after receiving notice of a formal complaint and if the School determines that the particular formal complaint is appropriate for such a process, the School will facilitate an informal resolution to assist the parties in reaching a voluntary resolution. The School retains the discretion to determine which cases are appropriate for voluntary resolution.

The School will convene a hearing panel following the end of an investigation. The hearing panel determines whether the respondent is responsible or not responsible for a violation of the Policy. If the respondent is determined to be responsible, the hearing panel's written determination will include any disciplinary sanctions the School imposes on the respondent. The Policy provides that the parties have the right to appeal the hearing panel's determination under certain circumstances.

If a student is unable to resolve their grievances after going through school personnel, they may contact the state and accrediting agencies:

Primary Prevention & Awareness Programs

Primary Prevention Definition: *Programming, initiatives and strategies intended to stop dating violence, domestic violence, sexual assault and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.*

Awareness Programs Definition: *Community-wide or audience-specific programming, initiatives and strategies that increase audience knowledge, and share information and resources to prevent violence, promote safety and reduce perpetration.*

All Mandalyn Academy students and employees review the student handbook (and employees review the employee handbook as well) which includes such things as the importance of good listening and communication skills, moderation in alcohol consumption, drug and alcohol laws, sexual harassment, counseling services available off campus, victim assistance, team work and attitude, common courtesy, keeping the school free from violence, safety, reporting a crime, and overall professionalism. These basic principles are taught throughout the student's time in school and are culturally relevant and inclusive of, and responsive to, all parts of our community.

On at least an annual basis, Mandalyn Academy invites the local police department to participate in teaching students and employees about the prevention and awareness of dating violence, domestic violence, sexual assault, stalking, personal safety, and emergency situations that may occur.

Reporting domestic violence, dating violence, sexual assault or stalking

Call **911** to report a crime. The first priority of a student or employee who has been subject to 'violence against women', as stated above, should be to first get to a place of safety and then obtain necessary medical treatment. Victims of 'violence against women' may seek and receive medical care free of charge from a local hospital emergency department without submitting a police report. Mandalyn Academy strongly encourages victims to report incidents of 'violence against women' in a timely manner and if requested, is willing to assist them in reporting it to proper authorities. Time is a critical factor for evidence collection and preservation. It is important to preserve evidence because it may assist in proving that the alleged criminal offense occurred or because it may be helpful in obtaining a protection order. Mandalyn Academy encourages others to accurately and promptly report a crime when the victim is unable or elects not to make such a report.

Mandalyn Academy does not issue orders of protection, a "no contact" order, a restraining order or similar lawful orders. A criminal, civil or tribal court, issues these orders. Request forms and directions can be found on the Utah Courts website at <https://www.utcourts.gov/en/self-help/categories/protect-order.html>. When completed, file the original form with the court and keep a copy for yourself. A copy of any form filed with the court must be served on the other party. The court clerk will make a copy to serve.

Victims of sexual harassment may file a report with the American Fork Police Department. Victims of sexual harassment that occurs on Mandalyn Academy premises or in the parking lot should be reported to the Title IX Coordinator or to a designated school official. The student has the right to decline to notify such authorities.

Confidentiality - To the extent permissible by law, Mandalyn Academy keeps a victim's personally identifying information confidential, and are not available in any publicly available recordkeeping, including Clery Act reporting and disclosure such as the annual security report and institutional crime log. Mandalyn Academy protects a victim's confidentiality while also recognizing that, in some cases, it may need to disclose some information about a victim to a third party to provide necessary accommodations or protective measures in a timely manner.

Counseling Options: Mandalyn Academy does not counsel victims of 'violence against women'. Mandalyn Academy is not contracted with any on-or-off campus organizations that assist victims. However, Mandalyn Academy will provide victims of dating violence, domestic violence, sexual assault or stalking with written documentation of their rights and options and resources for assistance.

Registered Sex Offenders

Information concerning registered sex offenders may be obtained by using the following websites. Nothing in FERPA prohibits the academy from disclosing information about registered sex offenders.

Criminal Offense Statistics

The crime statistics found in this disclosure represent alleged criminal offenses reported to Mandalyn Academy and/or local law enforcement agencies. Therefore, the data collected do not necessarily reflect prosecutions or convictions for crimes. Because non-police authorities provide some statistics, the data are not directly comparable to data from the FBI's Uniform Crime Reporting System, which only collects statistics from police authorities. Mandalyn Academy makes a good faith effort in collecting and reporting accurate statistics.

2021 and 2023 Statistics: Statistics were requested from the American Fork Police Department. The agency did not respond.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES

Emergency response and evacuation notification procedures will be initiated for any significant emergency or dangerous situation involving an immediate threat to the health or safety of student or employees occurring on the campus. Some examples of immediate or significant emergencies or dangerous situations are:

- Approaching forest fire
- Fire in the building
- Outbreak of meningitis, norovirus or other serious illness;
- Approaching tornado, hurricane or other extreme weather conditions
- Earthquake
- Gas leak
- Terrorist incident
- Armed intruder
- Bomb threat
- Civil unrest or rioting
- Explosion
- Nearby chemical or hazardous waste spill

In an emergency or threatening situation, the first thing that should be done is to call 9-1-1. It should then be immediately reported to a program instructor, student director, or a member of administration.

Confirming that there is an emergency

Confirmation means that an institution official (or officials) has verified that a legitimate emergency or dangerous situation exists. Confirmation doesn't necessarily mean that all of the pertinent details are known or even available. If law enforcement notifies the school of an emergency, it is immediately considered confirmed. Confirming an emergency may include one or more of the following: visual, smell, audio, news alerts, medical alerts, law enforcement, telephone, text message or emails. There are some emergency situations that cannot possibly go through a confirmation process due to the need for immediate action. An example of this would be if a dangerous intruder entered the building; it would be immediately considered a confirmed emergency. School authorities who may confirm an emergency are: program instructors, directors, administration and in some cases receptionists. Coordinating the process of confirming that there is an emergency is a school effort that may in some cases include students and employees.

Safety of the Campus Community

As soon as it has been confirmed that there is a significant emergency or dangerous situation, Mandalyn Academy will

- take into account the safety of the campus community;
- determine the appropriate segment or segments of the campus community to receive a notification;
- determine what information to release about the situation; and
- begin the notification process

The only reason Mandalyn Academy would not immediately issue a notification for a confirmed emergency or dangerous situation would be if doing so would compromise efforts to

- assist a victim;
- contain the emergency;
- respond to the emergency; or
- otherwise mitigate the emergency

In this case, the local law enforcement agency or a member of Mandalyn Academy administration would qualify that they used professional judgment, based upon their experience and observation, in making the decision.

Emergency Notifications (Timely Warning)

Mandalyn Academy administration, or other employee, if necessary, will notify our campus community upon confirmation of a significant emergency or dangerous situation occurring on the campus that involves an immediate threat to the health or safety of students or employees. The entire campus community will be notified when there is any type of confirmed emergency situation that requires notification. There will be a continued assessment and notifications of the situation.

An effective mode of communication will be used to notify students and employees. Methods of communication will be based upon the situation and may include one or more of the following: verbal, text messaging, phone calls, email messaging, emergency phone lines, bulletins posted on building entrances and exits. It is required that students and employees keep their text message, telephone, address, and email contact information current in their school records.

Notification information will be determined by administration, or other employee, if necessary, and may be disseminated all at once or at different points in time. Depending on the situation, the content may differ but will identify the emergency and

give brief safety directions. For example, in the case of an approaching tornado, the notification to students on campus may be to take shelter in a safe place but the notification to students who are not on campus may direct them to stay away from campus.

Dependent upon the nature of the emergency, and if student files are accessible under the circumstances, a student's 'emergency contact' may be notified of the emergency through telephone and/or text message. If for some unforeseen reason emergency information needs to be sent outside the campus community, the local law enforcement agency would be contacted to disseminate the information.

Procedure to Evacuate the School Site

Upon a confirmed significant emergency or dangerous situation, and if the situation allows, the building will be secured and students and employees will be directed to a safe location. If an evacuation is necessary, students and staff should leave the building in an orderly fashion using the primary or alternate exits shown below. These routes should be selected considering safety and students with disabilities.

If it is not safe to return to the building and classes are canceled, adult students may choose to leave the safe location area after checking out with their instructor. Minor students are to stay with their instructor until a parent or legal guardian has given permission for them to leave the safe location. With said permission, the student may leave after checking out with their instructor.

Emergency and Evacuation Test

Mandalyn Academy schedules a campus-wide emergency and evacuation test on an annual basis. The test may be announced or not. The test may be live or be a simulated scenario; and addresses emergency response and evacuation. The test will evaluate the coordination of efforts, procedural operations, emergency plans and capabilities, the roles of everyone involved, and whether or not the Emergency and Evacuation plan meets the diverse needs of all members of the campus community. Tests are documented by completing a Mandalyn Academy Emergency Drill Reporting Form which includes a description of the test/drill, the date the test was held, the time the test started and ended and whether the test was announced or unannounced.

Publicizing the Emergency Response and Evacuation Procedures

Emergency response and evacuation procedures are published in both the Student Consumer Information Guide which is clearly published on our website, and in the Student Handbook which is reviewed with every student during Orientation and every staff member during on-boarding.
